

CastleMoore North American Diversified Portfolio

SEPTEMBER 2020

Investment Objectives

- To have better than benchmark results with lower or equal volatility

Investment Strategies

- Using a combination of technical, fundamental and quantitative strategies, a portfolio of stocks is selected to provide diversification across market capitalization, strategy, geographical area and industrial groups. *An income component is incorporated for Balanced and Balanced Growth portfolios*

What are the Risks?

- Main risks of the portfolio are market and currency. Due to large and medium securities liquidity is minimal

Who Should Invest?

- Anyone that is familiar with stock market volatility or investors with medium to long term time horizons. It is possible to experience losses over a 12 month period.
