

CastleMoore All-Star Managers Portfolio

JUNE 2021

Investment Objectives

- To gain global equity exposure through the use of a “Star Manager” who manages assets through a mutual fund, an individual equity or exchange traded fund (ETF).

Investment Strategies

- Emphasis of account management is on maximum reliable, long-term equity capital gains.
- Identification of a Star Fund Manager is based on many factors including a long-term track record of outperformance, knowing the systematic market inefficiency they exploit, active management, bottom-up stock picker, fundamental analysis, high Active Share, consistent investment style, focused portfolio, integrity, and a significant investment in their own funds.
- CastleMoore uses its expertise and experience to add or remove a Star Manager after a thorough review period.

What are the Risks?

- The main risk is primarily market risk with interest rates and currency as secondary risks.

Who Should Invest?

- Anyone that is familiar with stock market volatility or investors with medium to long term time horizons. It is possible to experience losses over a 12-month period.

| | | | |
|------------------------|----------------------|-------------------|-------------------|
| North America | Europe | Currency | Commodity |
| Asia | Global | Equity | Fixed Income |
