CastleMoore Focus Portfolio

March 2024

Investment Objectives

• Emphasis of account management is on safety of principal and capital gains.

Investment Strategies

• Participate in up trends and avoid down trends, in any asset class, seeking equity sector concentration based on strength. Investable assets include: index, equity sector and fixed income exchange traded funds (ETFs), precious metals, currencies, commodities and individual equity and fixed income securities.

What are the Primary Risks?*

• Main risks of the portfolio are Market Risk, Liquidity Risk, Currency Risk and Equity Risk.

Who Should Invest?

•This portfolio is appropriate for investors with previous mutual fund, financial planner or investment dealer experience and who prefer focused investing using individual securities and ETFs.
