

CastleMoore All-Star Managers Portfolio

November 2025

Investment Objectives

- To gain global equity exposure through the use of "Star Managers" who manages assets through a mutual fund or exchange traded fund (ETF), and individual equities, while emphasizing long term capital gains.

Investment Strategies

- Identification of Star Managers is based on factors including a long-term track record of outperformance, knowing the systematic market inefficiency they exploit, active management style, fundamental analysis, high Active Share, style consistency, integrity, and a significant investment of their own funds in the portfolios.
- CastleMoore uses its expertise and experience to add or remove a Star Manager after a thorough review period.

What are the Primary Risks?*

- Company specific and stock market risks.

Who Should Invest?

- This portfolio is appropriate for investors familiar with stock market volatility or investors with medium to long term time horizons. Losses are possible over a 12-month or greater period.

What is the benchmark we use for this portfolio?

- MSCI World Index ETF (symbol XWD on the TSX)
