

CastleMoore Canadian Growth Portfolio

November 2025

Investment Objectives

- The objective is to participate in Canadian equities of the portfolio's benchmark, the TSX Completion Index, with less risk.

Investment Strategies

- The portfolio is constructed of stocks selected from the TSX Completion Index universe. The portfolio may also hold bonds, cash, US denominated investments, or other hedging securities to reduce risk.

What are the Primary Risks?*

- Company specific and stock market risks.

Who Should Invest?

- This portfolio is appropriate for investors with previous active equity seeking out reduced risk participation in Canadian equities.
